

# KITTING AND FULFILLMENT

Retail ready POP displays with complete pre-assembly/install prep

FBA-compliant prep and direct-to-Amazon fulfillment.

Variety pack kitting with sequenced staging for consistent unboxing experience.

## What We Do:

- Direct-to-consumer and B2B fulfillment with retailer-compliant packouts, labeling and routing discipline
- ISO 9001 quality system with picture work instructions, visual quality controls, lot-level traceability and expiration date tracking
- Custom kitting and configuration packs including service kits, variety packs, multi packs, promotional bundles and POP displays
- E-commerce and omni-channel integration supporting Amazon, Walmart and platform-specific compliance requirements
- Flexible surge capacity and rapid scaling through integrated staffing company for seasonal and promotional volume absorption
- Packaging and freight optimization to reduce dimensional weight charges, minimize void fill and lower total logistics costs

**400K+**

Units Fulfilled 2025
